1. Purpose

- 1.1 The NSFAS Contact Center is seeking to procure a cloud-based Contact Center solution—an internet-hosted platform that centralizes and manages all customer interactions, including voice, email, instant messaging, chat, social media, and Digital Messaging and Instant Communication (SMS).
- 1.2 This solution will eliminate the need for on-premises hardware and infrastructure, providing greater flexibility, scalability, and remote accessibility. It must offer key features such as automatic call distribution (ACD), interactive voice response (IVR), real-time analytics, and seamless integration with current and future systems such as customer relationship management (CRM) systems, Enterprise Resource Planning (ERP) and loan management system.
- 1.3 In addition to servicing current students, the solution must support large-scale debtor communication and loan servicing activities across the full post-study lifecycle, including income-contingent repayment notifications, arrears management, enforcement notices, credit bureau notifications, and mass outbound communication campaigns to approximately 1 million loan debtors.

2. Background

- 2.1 The National Student Financial Aid Scheme (NSFAS) is a schedule 3A public entity as defined in the Public Finance Management Act (PFMA) (Act number 1 of 1999). NSFAS provides financial assistance to eligible students at public universities and at Technical Vocational Education and Training (TVET) colleges throughout South Africa. NSFAS is located at 4 Christiaan Barnard Street, City Centre, Cape Town.
- 2.2 The Contact Centre is a vital component of the National Student Financial Aid Scheme's (NSFAS) student-centric operating model and serves as the primary point of contact for students. In this model, the student is placed at the core of all operations, with the objective of delivering an exceptional experience across every touchpoint. The Contact Centre is positioned not only to enhance student engagement but also to provide strategic value to the broader organization by equipping agents with the right skills and leveraging advanced technologies, such as a cloud-based solutions, to ensure consistent and high-quality service delivery. As the industry evolves, new technologies are enabling improvements in call routing, agent productivity, multi-channel engagement, and operational efficiency—including reduced wait times and enhanced forecasting and scheduling. NSFAS aims to harness these innovations to create a more agile environment, with the ability to rapidly scale contact centre capacity and services in line with demand.

- 2.3 NSFAS is currently using a multi-channel cloud-based solution. However, the current solution has limitations that we would like to be addressed by the cloud-solution we are procuring under this RFP. The service provide is required to perform data migration services from the current solution to the solution. However, data migration will be minimal.
- 2.4 Currently NSFAS is using 108 call center users (agents and supervisors). For the purposes of pricing for the tender, prospective bidders are encouraged to use an estimated 200 users however, for the purposes of billing for the services rendered per/user rates must be utilised.

3. Scope of work

<p><i>The bidder will be required to provide the following services to NSFAS: The bidder must substantiate in their proposal on how they will achieve these services.</i></p>	
<p>Inbound Call Management</p>	
3.1	Create, edit, or delete user and group accounts, with defined management controls and restrictions
3.2	<p>The system must have the capability to route calls to the most appropriately skilled agents and support multiple queues with configurable queue prioritization.</p> <p>Peak period for NSFAS is from December/January to March every year. However, it should be noted that peak numbers are linked to the number of applications received in a season/year. Peak volumes for the channel are as follows:</p> <p style="padding-left: 40px;">1. Calls – 732 251*</p> <p>*The provided numbers are for December 2025/January 2026 – March 2026.</p>

Live call monitoring and control - Supervisor functions required.	
3.3	<p>Supervisor and QA to be able to do an online evaluation or assessment while listening to the live call:</p> <p>Barge-in: Supervisor can join the live call and speak to the customer and agent. All three parties can listen and speak to each other.</p>
3.4	Monitor: Supervisors can silently listen to live calls without notifying the agent or the customer.
3.5	Whisper/ Coaching: Supervisor can listen to both parties, and can speak to the agent for help
3.6	Hang-up: Supervisor has the capability to hang-up the call from his/her panel.
3.7	Screen capture: QA or TL wants to view the agents screen while listening to a live and/or remote call.
3.8	Call Transfer to: Agent; Queue; Supervisor
Interactive Voice Response (IVR)	
3.9	<p>Integrate and provide quick access to information like account status, bill payments and other common requests for effortless self-service.</p> <p>A hybrid solution (LLM and NLU) in terms of IVR is preferable.</p>
3.10	IVR: Interactive Voice Response –Must have the ability to create call flow processes internally.
3.11	<p>Callback Feature – When this option is selected, the caller can hang up and receive a callback. The system keeps the caller's place in the queue virtually and contacts them once they reach the front of the line. This ensures the caller does not lose their position in the queue.</p>
Callback Management	
3.12	Automatic callback distributor – used to manage the flow of callback requests and route them to the applicable skilled consultant.
3.13	Advanced dialer, to include (Auto Dialer, Predictive Dialer and Progressive Dialer).
3.14	CSV Upload / MS Excel easily upload lists in CSV format for maximum flexibility.
3.15	Conduct campaigns using a campaign management system (CMS) to let the dialer know whom to contact, load scripts and record how each customer has responded to a given campaign.
3.16	System must support blended functionality – Ability for consultant to receive calls and make outbound calls seamlessly.
3.17	Voicemail Drop – Automatically delivers a personalized pre-recorded voicemail message.

3.18	Users should be able to select a timeslot based on defined business rules, and customers must receive calls within that timeframe. If there is no answer, the call should not be routed to an agent. Instead, the system must retry at 15-minute intervals, up to three (3) attempts, before closing the callback request in the CRM with an “unreachable” disposition
3.19	Consultant should be able to schedule call back for customer and follow the above mentioned.
Recording and quality assurance (QA)	
3.20	All recorded calls and channel interactions must be stored in a centralized location, each tagged with a unique identifier (e.g., phone number combined with date and time).
3.21	Record all incoming and outbound interactions with unlimited access
3.22	The ability to download and share recordings for review and hold the audit trail when doing so.
3.23	The ability to retrieve calls or emails using various search criteria (for example, Consultant profile, student name and surname; student ID, time and date of interaction and channel, cellphone number and email address as well as X-handle (Twitter).
3.24	Link the interactions to customer profile, based on the cell phone number they called from.
3.25	The system must support post-call surveys across all channels. Upon completion of the survey, the call should be terminated automatically, with the survey responses securely stored alongside the corresponding voice recording.
3.26	Customizable quality evaluation scorecards. Ability to leave detailed notes or feedback on specific call sections.
3.27	Real-time monitoring (live call listening); silent monitoring, whisper coaching, and barge-in capability; screen recording.
E-mail	
3.28	Each customer must receive an automated e-mail with a unique reference number.
3.29	Email should automatically link to student profile, provided it originated from the email address we have on record
3.30	The survey engine must automatically send post-interaction email surveys to a randomized sample of customers who were engaged via email.
3.31	<p>Emails should be displayed to staff in chronological order (oldest to newest), with functionality to:</p> <ul style="list-style-type: none"> • Filter emails from the same sender • Perform bulk wrap-up actions. • Search emails by email address, date and time, and subject line.

	<p>Peak period for NSFAS is from December/January to March every year. However, it should be noted that peak numbers are linked to the number of applications received in a season/year. Peak volumes for the channel are as follows:</p> <p>2. Emails – 183 478 emails*</p> <p>*The provided numbers are for December 2025/January 2026 – March 2026.</p>
Social media (Facebook, Twitter, Tik-Tok, Instagram and any other medias) Integration	
3.32	Capability to integrate with NSFAS social media platforms and respond to each interaction promptly
3.33	Automated messages to deliver 24/7 support and improve customer experience.
3.34	Ability to use message templates and quick replies to save time.
3.35	<p>Social media interactions should be displayed to staff in chronological order (oldest to newest), with the ability to:</p> <ul style="list-style-type: none"> • Filter interactions from the same user • Perform bulk wrap-up actions. • Search interactions by email address, date and time, and subject line. <p>Peak period for NSFAS is from December/January to March every year. However, it should be noted that peak numbers are linked to the number of applications received in a season/year. Peak volumes for the channel are as follows:</p> <p>1. Social media direct messages (Twitter/Facebook/Instagram) - 12 572 direct messages*</p> <p>*The provided numbers are for December 2025/January 2026 – March 2026.</p>
Instant Messaging	
Application to Post Application Stage	

3.36	Ability to integrate with the NSFAS WhatsApp number and the Student Portal (Orion System) to allow the students to track their application and appeal status and withdraw and view their applications.
3.37	Automated messages to deliver 24/7 support and improve customer experience.
3.38	Ability to use message templates and quick replies to save time.
3.39	Ability to design automated messages and functions for the automated agent function.
3.40	Ability to redirect messaging from the automated agent to the contact officials by providing contact details (email and phone numbers of different units to be called)
Post Student Stage	
3.41	<p>Ability to integrate with the NSFAS WhatsApp Business API (or equivalent enterprise messaging platform) and loan management system/debt management solution to support:</p> <ul style="list-style-type: none"> • High-volume outbound debtor communication campaigns • Secure two-way debtor servicing • Structured self-service loan account enquiries • Automated compliance notices and enforcement notifications <p>The API architecture must be designed for horizontal scalability and standards-based interoperability, ensuring it can seamlessly support increasing system load and integrate with evolving internal and external services as the organization grows.</p>
3.42	<p>The function must support the following loan-specific communication use cases:</p> <ul style="list-style-type: none"> • Annual interest rate change notifications (Once a year to ±1 million recipients) • Monthly loan statement distribution (Once a month to ±1 million recipients) • Arrears and default notifications (ad-hoc) • External Debt Collector handover notifications (ad-hoc) • Credit Bureau trace and listing notifications (ad-hoc) • Letter of demand notifications (ad-hoc) • Refund notifications (ad-hoc) • Settlement confirmations (ad-hoc) • Income threshold update notices linked to SARS taxable thresholds (Once a year to ±1 million recipients)

	<ul style="list-style-type: none"> • Payment reminder campaigns (ad-hoc) • Structured debt restructuring offers (ad-hoc) • Employment and Income Declaration Campaigns: <ul style="list-style-type: none"> ○ <i>Prompting debtors to declare employment and income level (Once a year to ±1 million recipients)</i> ○ <i>Debtor can respond in the WhatsApp menu flow via a pre-defined list</i> • Annual “confirm your contact details” drive (Once a year to ±1 million recipients) • Self-Service Debtor Engagement via WhatsApp structured menu: <ul style="list-style-type: none"> ○ Balance enquiry ○ Interest rate enquiry ○ Required monthly repayment ○ Statement download (1m / 3m / 6m / 12m / full history) ○ Request settlement quote ○ Update contact details ○ Update employment status ○ Upload annual income level
3.43	The campaign management system must support bulk outbound WhatsApp messaging campaigns with delivery tracking, read confirmations, failure reporting, and automated retry logic.
3.44	The solution must provide campaign-level and cohort-level reporting, including: <ul style="list-style-type: none"> • Delivery rate • Read rate • Bounce / invalid number tracking
Chat	
3.45	Capability to use Web Chat, In-App Chat and Chat Messenger to initiate and receive interactions from customers.
3.46	Automated messages to deliver 24/7 support and improve customer experience.
3.47	Ability to use message templates and quick replies to save time.
Chatbot	

3.48	The solution must include a chatbot (virtual agent) capable of responding to frequently asked questions.
3.49	The chatbot must support seamless escalation and transfer of interactions to live agents when required.
3.50	Chatbot with Omnichannel Messaging – Supports integration with platforms such as WhatsApp, Twitter, Facebook, and other communication platforms for seamless, cross-channel communication.
Reporting and Management Requirements	
3.51	<p>The solution must include built-in dashboard tools that provide real-time analytics and reporting capabilities for monitoring operational performance. It must also maintain comprehensive audit logs to track user activity and system changes, ensuring transparency and accountability.</p> <ul style="list-style-type: none"> - Product Overview: Vendor-signed datasheet or brochure detailing dashboard tools, supported analytics (e.g., usage, performance, system health), and audit logging (event types, retention, export). <p>Dashboards & Reports: Annotated screenshots or demo access showing real-time dashboards, sample reports, export options, and refreshing capabilities.</p>
3.52	Historical reporting, ability to archive previous years for a 7-year period.
3.53	Customizable, single, unified, user-friendly dashboard showing real-time statistics (stats) as part of on-site support.
3.54	Reports must display single view consultant performance as well as team and premise-based stats.
3.55	Must be able to produce interval-based reporting reflecting relevant stats such as service levels, volume of calls/e-mails/ social media/ WhatsApp dropped calls, number of agents.
3.56	Ability for NSFAS to create custom reports and Student behavior from all channels.
3.57	Web-Based Reports Interface – Accessible from anywhere through an internet connection
3.58	Secured with username and password with the ability to change the password should one require.
Digital Messaging and Instant Communication (SMS)	
3.59	The solution must support cloud-based instant messaging channels, including SMS, webchat, and social messaging integrations.
3.60	Ability to send and receive bulk and transactional SMS notifications.

3.61	Two-way conversational messaging linked to the Student Portal (Orion).
3.62	Queue management and routing of SMS interactions.
3.63	Template-based outbound messaging and automation triggers.
3.64	Integration with APIs for system-generated alerts.
Data Migration	
3.65	The solution must support data migration services from the current solution to the solution.
System Integration	
Existing System to integrate with	
	Bursary Management System (Orion System)
	Student Calculator
System not yet developed to integrate with	
	Customer Relationship Management (CRM) systems
	Enterprise Resource Planning (ERP)
	Loan management system

4. Functional specification

- 4.1 The bidder must provide a solution that guarantees, at a minimum, 99.9% uptime and must include:
- 4.1.1 Description of the Backup power to be used on-site to ensure business continuity during power outages
 - 4.1.2 Details of the disaster recovery site
 - 4.1.3 Service Level Agreement (SLA) with measurable uptime, support, and response times
- 4.2 The bidder must provide NSFAS staff with local administrative access to the solution, along with comprehensive training to enable effective system management. All associated training costs must be clearly itemized and included in the overall pricing schedule.
- 4.2.1 Access & Roles: Document detailing admin roles, access levels for NSFAS staff, local admin capabilities (user management, config, reporting), any restrictions, and number of supported admin users.
 - 4.2.2 Training Plan: Outline of training modules (e.g., admin, troubleshooting), delivery format (in-person, virtual, self-paced), duration/schedule, and target audience (technical/operational staff).

- 4.3 The solution must support integration with existing NSFAS systems and applications—such as CRM, ERP, identity management platforms, NSFAS Enquiry system, Case management, Finance systems, Communication systems and the NSFAS App—through standard APIs or connectors. The bidder must clearly document these integration capabilities and approaches in their proposal to ensure seamless interoperability.
- 4.4 NSFAS will provide internet access for all staff accessing the system. Providers must specify the required Internet bandwidth per user and for any system management traffic.
- 4.5 Providers must specify the required Internet Protocol (IP) addresses and protocols for all system integrations through NSFAS security devices such as firewalls and web proxies.
- 4.6 All system traffic and data exchanged between NSFAS, and the provider must be securely transmitted and encrypted to ensure data confidentiality and integrity.
- 4.7 Web Agent is compatible with Windows 10 or Higher.
- 4.8 The system must be compatible with Exchange 2010 or higher.

5. Evaluation Method

5.1. The table below summarizes the steps that NSFAS will follow to evaluate bidders' proposals.

Phase	Description
Phase 1: Administrative Screening	The bidding proposal will be screened for compliance with administrative requirements as indicated below. Bidders are required to submit the administrative documents
Phase 2: Mandatory requirements evaluation	All bids must comply with the mandatory requirements and failure to comply with any of these requirements will immediately disqualify the bid. Bidders who pass the mandatory requirements evaluation will proceed to be evaluated further.
Phase 3: Presentation of the solution (Demo)	Bidders are required to achieve a combined minimum score of 80% out of 100 for the presentation of the solution, to be evaluated for Phase 4: Price and Specific Goals.
Phase 4: Price and Specific Goals	The 80/20 or the 90/10 preference point system will be used to determine the recommendation for the award.
Phase 5: Objective Criteria	Preferential procurement policy framework act, 2000 award of contracts to tenderers not scoring highest points.

5.2. Phase 1: Administrative Screening

5.2.1. The bidding proposal will be screened for compliance with administrative requirements as indicated below.

Bidders are required to submit the administrative documents.

Item No.	Administrative Requirements	Check/Compliance
1	SCM - SBD 1 - Invitation to Bid	Completed and signed
2	SCM - Tax Clearance Certificate Requirements	CSD registration number/SARS PIN and CSD summary report
3	SCM - Pricing Schedule	Completed and signed
4	SCM – NEW SBD 4 - Declaration of Interest	Completed and signed
5	SCM - NEW SBD 6.1 - Preference Points Claim Form in terms of the Preferential Procurement Regulations 2022	Completed and signed.
6	Letter from Bank confirming banking details (not older than 3 months from date of closing date of tender)	Letter from the bank submitted

5.3. Phase 2: Mandatory requirements evaluation

5.3.1. It is recommended that the following table must be completed by the bidder by answering YES OR NO and attach proof.

5.3.2. Only bidders who achieve a “Yes” for all mandatory requirements will proceed for evaluation on Phase 3.

REQUIREMENT	REQUIRED PROOF TO BE SUBMITTED WITH BID	COMPLY: YES OR NO
Cloud-Based Solution	<ol style="list-style-type: none"> 1. Service Provider Statement: Signed document or architecture overview identifying the public cloud provider including deployed region(s). 2. Cloud Architecture: Diagram detailing cloud deployment (compute, storage, networking), showing scalability, multi-tenancy, and elasticity.

5.4. Phase 3: Presentation of the solution (Demo)

5.4.1. Only bid proposals that meet phase one (1) and phase two (2) will be evaluated on this phase of evaluation criteria.

5.4.2. The bidder must score a minimum average of 80% during Phase 3 (Presentation Demonstration) of the evaluation to qualify for Phase 4 (Price and Specific Goals) of the evaluation will be considered. Should a bidder score less than 80%, the bidder will be disqualified.

5.4.3. The following values / indicators will be applicable when evaluating demonstration:

Presentation by bidder	Points available	Bidder scoring	Points scored
<p>Quality Monitoring</p> <p>Evaluate the system's ability to support robust quality assurance processes:</p> <ul style="list-style-type: none"> • Call recording playback and chat/email transcript review • Scorecards for QA evaluations • Real-time whisper/barge-in/coaching tools for voice channel 	<p>The presentation does not meet all the functional requirements= 0</p>		
	<p>The presentation sufficiently meets all the functional requirements (and in the event where it does not meet a specific point, a reasonable and acceptable alternative by the bidder is clearly demonstrated) = 20 points.</p>		
<p>Metrics Tracking & Reporting</p> <p>Assess the solution's ability to monitor and report on key KPIs:</p> <ul style="list-style-type: none"> • Tracking of key metrics such as Average Handle Time (AHT), First Call Resolution (FCR), and Call Abandonment Rate • Access to detailed dashboards and trend analytics • Customizable reporting to support operational decision-making. • Statistical reporting principles in the call center. 	<p>The presentation does not meet all the functional requirements= 0</p>		
	<p>The presentation sufficiently meets all the functional requirements (and in the event where it does not meet a specific point, a reasonable and acceptable alternative by the bidder is clearly demonstrated) = 20 points.</p>		
<p>Agent Performance Management</p>	<p>The presentation does not meet all the functional requirements= 0</p>		

<p>Determine how the system enhances agent productivity and development:</p> <ul style="list-style-type: none"> • Demonstrate real-time agent dashboards: Show agent availability, workload, active interactions across channels (calls, emails, chats, social). • Supervisor console: Present how supervisors can monitor multiple agents, reassign tasks, and manage queues dynamically. 	<p>The presentation sufficiently meets all the functional requirements (and in the event where it does not meet a specific point, a reasonable and acceptable alternative by the bidder is clearly demonstrated) = 15 points.</p>		
<p>Customer Experience Features</p> <p>The solution should demonstrate how it enhances the customer journey by offering:</p> <ul style="list-style-type: none"> • IVR, self-service, and omnichannel capabilities to ensure seamless and accessible customer support • Customer feedback tools, such as surveys and sentiment analysis, to collect and analyze insights • Advanced features (e.g., data analytics, AI-driven routing) that improve response times, accessibility, and overall customer satisfaction 	<p>The presentation does not meet all the functional requirements= 0</p>

A maximum of 80/90 points will be allocated for Price, and a maximum of 20/10 points will be allocated for Specific Goals.

5.5.3. Bidders must complete the SBD6.1 form in full and provide the requisite evidence to claim the allocated points for the specific goals.

5.5.4. **Calculation of points for price** - The Preferential Procurement Policy Framework Act (PPPFA) prescribes that the lowest acceptable bid will score 80 points (for tenders under R50m) or 90 points (for tenders above R50m) for price. Suppliers that quoted higher prices will score lower points for price on a pro-rata basis. Where functionality is set as criteria, only bid proposals that meets functionality requirements will be considered for evaluation on price and specific goals preference points.

5.5.5. The following formula for Price and Specific Goals will apply in the evaluation process:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

OR

$$P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Ps = Points scored for comparative price of proposal under consideration

Pt = Comparative price of bid under consideration

Pmin = Comparative price of lowest acceptable proposal

Calculating of points for Specific Goals.

5.5.6. Points will be awarded to a supplier for specific goals. Bidders are required to submit the original and valid proof for preference points claimed or certified copies thereof; to substantiate their preference points claims. SBD 6.1 must also be duly completed, signed, and submitted alongside the bid to claim preference points. Failure to do so will result in Specific Goals preference points being forfeited.

5.5.7. Points will be awarded to a supplier for specific goals in accordance with the table below

A.	PRICE	80	90
B.	Specific Goal	Number of points (20)	Number of points(10)
	The entity must be 100% black owned	10	05

SBD6- PREFERENCE POINTS CLAIM FORM

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

The applicable preference point system for this tender is the **80/20** preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20

Total points for Price and SPECIFIC GOALS	100
--	------------

1.5 **Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.**

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim regarding preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation.
- (b) **“price”** means an amount of money tendered for goods or services and includes all applicable taxes less all unconditional discounts.
- (c) **“Rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes.
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“The Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 PREFERENCE POINT SYSTEM

A maximum of 80 points is allocated for price on the following basis:

80/20

$$P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

- Ps = Points scored for price of tender under consideration
 Pt = Price of tender under consideration
 Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 points is allocated for price on the following basis

80/20

$$Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)$$

Where

- Ps = Points scored for price of tender under consideration
 Pt = Price of tender under consideration
 Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system: or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Evidence to be submitted by the tenderer in order to claim the allocated points	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)
The entity must be 100% black owned.	Valid BBB-EE certificate or valid sworn affidavit.	10 points.	
The entity must be a minimum of 40% black female owned.	Valid BBB-EE certificate or valid sworn affidavit.	10 points.

- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

8. Inspections, tests, and analyses

- 8.1 All pre-bidding testing will be for the account of the bidder.

- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests, and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analysed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with supplies which do comply with the requirements of the contract. Failing such removal, the rejected supplies shall be returned at the supplier's cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.
- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and

precipitation during transit, and open storage. Packing, case size, and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.

- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

- 10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.
- 10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

- 11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

- 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

- 13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:
- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
 - (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
 - (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;

- (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and
- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
 - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

- 15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.
- 15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.
- 15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.
- 15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

16. Payment

- 16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.
- 16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfilment of other obligations stipulated in the contract.
- 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
- 16.4 Payment will be made in Rand unless otherwise stipulated in SCC.

17. Prices

- 17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.

18. Contract amendments

- 18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.

19. Assignment

- 19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.

20. Subcontracts

- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contract if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.

21. Delays in the supplier's performance

- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

- 21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.
- 21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without cancelling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

- 22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

- 23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:
- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
 - (b) if the Supplier fails to perform any other obligation(s) under the contract; or
 - (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.
- 23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered,

and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

- 23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.
- 23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard the intended penalty as not objected against and may impose it on the supplier.
- 23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.
- 23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:
- (i) the name and address of the supplier and / or person restricted by the purchaser;
 - (ii) the date of commencement of the restriction
 - (iii) the period of restriction; and
 - (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

- 23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti- dumping and countervailing duties and rights

- 24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him

25. Force Majeure

- 25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.
- 25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

- 26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

- 27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

- 27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.
- 27.3 Should it not be possible to settle a dispute by means of mediation; it may be settled in a South African court of law.
- 27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.
- 27.5 Notwithstanding any reference to mediation and/or court proceedings herein,
- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
 - (b) the purchaser shall pay the supplier any monies due the supplier.

28. Limitation of liability

- 28.1 Except in cases of criminal negligence or wilful misconduct, and in the case of infringement pursuant to Clause 6;
- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
 - (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

29. Governing language

- 29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

30. Applicable Law
