1 PURPOSE

- 1.1. The purpose of this bid specification is to obtain bid proposals from prospective service providers to disburse allowances directly to NSFAS funded students at public universities and TVET colleges across South Africa, into the students' bank accounts. The NSFAS regulations stipulates that NSFAS must disburse allowances directly to students. The regulations further emphasize that any third-party appointment to disburse allowances must be vetted and approved by the NSFAS. In many instances, institutions have appointed third-party agents to disburse student allowances and the NSFAS does not have direct line of sight on these transactions.
- 1.2. In order to remove all commercial interests from the disbursements and payments processes and mitigate internal risks associated with the processes, this Request for Proposal invites potential service providers in the financial services sector to submit their proposals to disburse allowances directly to NSFAS funded students studying at public universities and TVET colleges, into the students bank accounts.

2 BACKGROUND

- 2.1 NSFAS is a statutory body, funded primarily by the South African National Department of Higher Education and Training (DHET). NSFAS provides bursaries to eligible students who wish to study at the 26 public universities and 50 Technical and Vocational Education and Training (TVETs) colleges.
- 2.2 Since the inception of NSFAS in 1999, funds allocated to NSFAS have increased substantially from R441million in 1999 to R36.7 billion in 2020/21 financial year. During this period, the processes and operations at NSFAS have remained largely unchanged. Furthermore, the December 2017 Presidential pronouncement on Fee Free Education, has led to the need to redesign and restructure the organisation to enable it to deal with its existing requirements and, more importantly, to create a platform for the future as a full bursary provider.
- 2.3 The table below shows the number of students that NSFAS funded in 2019/2020 academic year.

EDUCATIONAL INSTITUTION TYPE	MAXIMUM NO OF NSFAS STUDENTS
26 Universities	430,000
50 TVET colleges	300,000
Total	730,000

NSFAS reserves the right to appoint more than one (1) service provider.
