- Develop and build a network relevant to deliver on the core mandate of the RLC Business Unit.
- Assist in developing overarching governance, risk and compliance policy frameworks, templates, and standards as required.
- Work across the RLC Business Unit to strengthen the unit overall and contribute to its overall success.
- Assisting with the implementation and maintenance of all relevant risk frameworks and policies.
- Facilitating and supporting Business Units Risk Committees.
- Facilitating strategic and operational enterprise risk identification workshops and Business Unit meetings.
- Coordinating the maintenance of Business Units risk registers and reporting.
- Compiling and maintaining the Enterprise Risk Registers for Principal and Operational risks.
- Serving as the central liaison for risk champions.
- Analysing large data sets and formulating concise information for decision making.
- Administration of risk acceptance and policy deviations processes.
- Conducting enterprise risk assessments and risk reviews.
- Monitoring Business Unit risk exposure in comparison to enterprise risk appetite and tolerances.
- Compiling monthly Business Unit Risk Profiles.
- Compiling Quarterly reports as required.
- Compiling monthly and quarterly enterprise strategic and operational risk profiles.
- Monitor the enterprise risks and manage as appropriate.
- Administer the action and remedial plans of business units and ascertain compliance for the NSFAS environment.

-
- Facilitate workshops/training programmes that aim to establish a risk aware culture and framework in our policy and process environment.
 - Maintain Business Continuity, Disaster Recovery, and Incident Management.

Performance Management & Ethics

- Ensure your performance contracting and review process follows policy and timeframes.
- Set, control and report on key performance areas and performance contracts.
- Coach, mentor, and train the team and develop reports for performance improvement, career progression and recognition purposes.
- Maintain compliance, consistency, and take corrective action when needed.

Stakeholder Engagement & Relationships

- Participate in the liaison with all stakeholders on risk and compliance matters.
- Participate in the resolution of stakeholder queries and complaints in line with policies and procedures.

Project Facilitation & Implementation

- Support the compilation of compliant strategy, policy, procedure, framework, and plan documents.
- Support and coordinate the consolidation of compliant reports as required.

Budget optimisation

- Provide inputs to the risk and compliance components of the annual budgeting and expenditure process of the planning unit activities and projects.
- Assist in expense management and efficient budget utilisation as required.

Audit, Compliance Monitoring & Evaluation.

- Assist in monitoring and resolution of internal and external audit findings and recommendations and tracking to resolution.
- Ensure the compliance of internal and external audits of ERM and implementation of audit findings/ recommendations.
- Implement identified key controls and established risk mitigation procedures as per ERM Policy,

Strategy, Framework and Plan or as required.

- Support the compilation, evaluation, and analysis of organisational reports in line with the ERM framework.

Information & Knowledge Management

- Collaborate with stakeholders to build systems that enable the management of data obtained from different sources.
- Collaborate with stakeholders to use their experience, education and understanding to obtain knowledge from this information.

Reporting & Accountability

- ERM activities and changes in Risk Profiles or Operations.
- Integration of Business Intelligence and KRIs into ERM and generating appropriate reports.
- Enterprise strategic and operational gaps, interventions, and status of ERM
